Nagpur, Maharashtra | P: +91-8857091578 | shoebalam440@gmail.com | <https://www.linkedin.com/in/shoeb4lam>

EDUCATION

RTMNU UNIVERSITY

Anjuman College of Engineering and Technology
Bachelor of Technology: Computer Science and Engineering
CGPA: 7.3/10

Nagpur, MH
Expected Oct 2026

TECHNICAL SKILLS

Languages: Java, Python, C
Backend: Spring Boot, Spring MVC, Spring Security, Hibernate/JPA, REST APIs
Frontend: HTML5, CSS3, JavaScript, React.js (Basics), Bootstrap
Databases: MySQL
Tools: Git, GitHub, Postman, Maven, VS Code, IntelliJ IDEA
AI/ML: YOLOv8, OpenCV, Pandas, NumPy
Other: Arduino IDE, Docker (Basics)

WORK EXPERIENCE

PROFOUND EDUTECH PVT LTD

Full Stack Developer Trainee

Nagpur, MH
May 2025 - July 2025

- Developed and maintained web applications using Java, Spring Boot, React, MySQL
- Worked on both front-end and back-end modules, improving performance and user experience
- Collaborated with a team to implement REST APIs and database integration

UNIVERSITY PROJECTS

CRYPTO TRACKER – Real-Time Price Monitoring Web App

Dec 2025

Role: Backend Development (Spring Boot)

- Built a real-time cryptocurrency tracker where users can enter any coin name and fetch live prices using an external API
- Developed REST endpoints and integrated API responses into a dynamic UI using Spring Boot + Thymeleaf
- Implemented service-layer logic for API consumption and JSON parsing
- Ensured smooth data flow between controller, service, and view layers
- Deployed the backend on Railway and pushed the project to GitHub for public access
- Live Demo: <https://crypto-tracker-app-4.onrender.com/>

STUDENT MANAGEMENT SYSTEM — Full Stack Web App

Nov 2025

Role: Backend Development & API Integration Support

- Developed a web-based system to add, view, update, and manage student records
- Built backend APIs using Spring Boot (CRUD operations: Create, Read, Update, Delete)
- Integrated APIs with a simple frontend UI to display real-time student data
- Implemented form handling, validation, and refresh functionality
- Deployed the application on Render for public access
- Used tools: Spring Boot, REST APIs, Postman, HTML/CSS/JavaScript (basic), Git, GitHub, Render
- Live Demo: <https://student-management-app-7uwo.onrender.com/>

LANDSLIDE PREDICTION SYSTEM — Group Project

Aug 2025

Role: Data Preparation & Project Coordination Support

- Assisted in preparing and providing environmental datasets for model development
- Used AI tools (Cursor) to generate the Streamlit dashboard layout and integrated the outputs
- Contributed to testing, reviewing, and validating dashboard functionality
- Collaborated with team in documentation and overall project workflow
- Live Demo: <https://landslide.streamlit.app/>

SMART TRAFFIC MANAGEMENT SYSTEM

May 2025

Role: Lead Developer & System Integrator

- Implemented YOLOv8 object detection to count vehicles in real time from traffic footage
- Used OpenCV to process and analyze live traffic video streams
- Interfaced a camera-based vehicle detection system with Arduino Nano to control traffic lights
- Built logic to dynamically change signal timers based on vehicle density
- Integrated a 7 Segment display and LEDs to simulate real signal behavior
- Designed a hardware prototype using a wooden structure to mimic real-life traffic signal systems

SOCIAL FORENSIC AI-BASED SOCIAL MEDIA ANALYSIS TOOL— Group Project

Feb 2025

Role: Data Collection & Documentation Support

- Collected and curated datasets of offensive, hate, and propaganda content from public sources
- Cleaned and formatted data (CSV/JSON) for NLP model training
- Assisted in documentation covering data handling, use cases and ethics

ACTIVITIES

- Presented Social Forensic AI Project at Advantage Vidarbha 2025
- Presented AI-based offensive content detection system project in Smart India Hackathon 2025
- Participated in Inter-College Fencing Competition
- Designed and developed technical and mini projects independently

ADDITIONAL

Certifications & Training: Full Stack Java Developer (Profound Edu Tech), Data Analytics with Python (NPTEL)

Awards: Recognized as Patent Gem in Advantage Vidarbha 2025

Languages: English, Hindi, Urdu
